UTILITY TRACTOR

HIGH-CLEARANCE

Specialist Tractors

For over 130 years, Landini has been at the forefront of agricultural technology, innovation and design, ensuring that you get the best product for the job at hand. It's a story of Italian excellence and real passion for the people on the land. Whether you need a vineyard/orchard tractor, specialised high clearance or just a utility ROPS or general farm cabin tractor, there is one name – **Landini!**

ORCHARD/VINEYARD

Landini

REX

85-120

The Landini Rex range of tractors is at the forefront when it comes to providing specialist tractors to suit continuous arduous work in Australia's trying conditions. With Landini's 130 year heritage, it knows operating speeds are critical when spraying, maintaining and harvesting. Landini Rex provides a wide range of transmission speeds ensuring you have the right choice to suit your application. Unmatched for its strength and ergonomic layout, the Landini Rex is the pick of the bunch!

Landini High Clearance tractors offer the largest choice for this specialised tractor sector in either ROPS or air-conditioned cabin (ideal for spraying), economical synchro-shuttle or power shuttle versions and a range of tyre equipment. Engineered and built in Italy, Landini HC tractors brings you the right clearance, transmission speeds, strength and reliability.

PREMIUM TRACTOR

Landini

DUAL POWER

5H

Inside Cabin

Specifications:

Models	100-110
Engine type	Perkins 4 cylinder
Transmission choice	36 or 48 speed with creeper
Shuttle	Power
Cabin	Hi-vis air-conditioned
ROPS	N/A
Drivetrain	4wd

The cab interior is designed with painstaking attention to every detail. All controls are ergonomically arranged for maximum comfort and ease of operation. The telescopic tilt-adjustable steering column tilts with the instrument panel, allowing the driver to constantly monitor the tractor performance. The 5H visibility when operating a front loader is best in its class.

ORCHARD/VINEYARD/FARM

Landini
